

NORM ENGINEERING

ENCLOSED BROOM

Australian manufactured

Norm Engineering's Enclosed Broom has a one piece poly brush which is used to sweep the debris into the bucket section; by lifting the bucket/broom the hinge automatically opens allowing the debris to be easily dumped. Simple, easy and effective.

- » Sizes - 1200, 1300, 1600, 1800, 2100 & 2500mm
- » One piece poly brush (segments available)
- » 3 x Replaceable rubber skirts
- » 1 x Bolt on reversible cutting edge
- » Includes hoses & couplings - no extra plumbing required
- » Optional Gutter brush

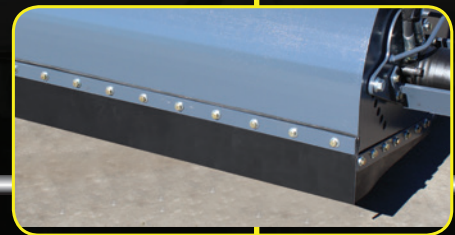

Norm Engineering's Enclosed Broom has a **unique uncomplicated robust brush adjustment system** allowing you to adjust the height of the brush as it wears down, giving your brush a longer life-span.
