

NORM ENGINEERING

GRASS SLASHER 7ft

Suitable for:

- » Council work
- » Landscaping
- » Agriculture
- » Groundsman

Dual head
6 blade system

The Norm Engineering 7ft Grass Slasher has been designed to suit the larger machines and is supplied standard with dual jockey wheels to provide further stability. The design has a **floating frame** and **adjustable side skirts**. The floating frame allows the slasher to follow undulating terrain, and the adjustable side skirts determine the length of the grass cut.

- » Adjustable and replaceable heavy duty side skirts
- » Maximum cutting torque and tip speed, by using a selection of different motor sizes and gearbox ratios
- » Hydraulic motor protection ensured through spring clutch
- » Chains provide protection - front & rear
- » Pick up is designed to allow easy entry & exit on air conditioned machines
- » Forklift lifting points
- » Standard with two jockey wheels

Suited to:

- » Skid Steers & Track Loaders
- » Backhoes
- » Telehandlers
- » Tractors

ADJUSTABLE
SIDE SKIDS

CHAINS
FRONT & REAR

JOCKEY WHEELS
